

# COISAS BOAS – IRIS CAMAA & ARIEL RAMIREZ

## 1. THANK U 4 FOR THE GIFT

First you only hold my hand  
For a while  
By surprise  
Then you looked into my eyes  
I am coy  
But I'm nosey

Then your fingers touched my arms  
Sliding up and slowly down  
Then you came closer to my face

CHORUS: 2x

THANK YOU FOR THAT GIFT YOU GAVE ME  
FOR THAT WONDERFUL AMAZING UNEXPECTED LAZY SATURDAY WE MET FOR  
THE SECOND TIME

We met in that plane  
By surprise  
We were not meant to sit together  
I watched you passing my way  
they gave us a seat beside each other

So we started to talk  
just like this – like we knew  
well I got nervous sometimes  
didn't know why  
your eyes just captured mine

CHORUS: 2x

THANK YOU FOR THAT GIFT YOU GAVE ME  
FOR THAT WONDERFUL AMAZING UNEXPECTED LAZY SATURDAY WE MET FOR  
THE SECOND TIME

So I closed my eyes  
Did let go  
You felt like home to me – believe me  
It was meant to happen one day  
In that goodness, awesome way

Then you looked up  
And you smiled  
You're eyes are bright  
You checked me out and you say:

Oh I'm happy, let's share another day, ooooooh

CHORUS: 2x

THANK YOU FOR THAT GIFT YOU GAVE ME

FOR THAT WONDERFUL AMAZING UNEXPECTED LAZY SATURDAY WE MET FOR  
THE SECOND TIME

Thank you

Oh darling, darling, baby

You're that wonderful amazing

unexpected, lazy

We met for the second time

And I say thank you...

I say thank you from the bottom of my heart

*Solo Guitar*

For those amazing days we had

Those days are gifts from heaven sent

No one can take from us

I don't regret a single word

Memories will always be in my heart

Your touch will always be remembered

The deepness of your eyes

I miss my baby

Thank you.

## 2. COISAS BOAS

### 3. DARLING

Take your time  
Rest a while  
Our love is strong  
Now we're here together all alone

We try to spend some time together  
You and I need quality time

Come down  
Stay with me  
Oh sweet darling, darling  
It's a vacation in mind  
Take your time  
Let us fly  
And we dive together, oh

We gonna see what's on the way  
And we gonna fly to the sky  
No matter what you wanna do, wanna say, wanna play  
Darling, it's okay

Take my hand for a while  
Kiss my lips all night  
Oh darling I am yours  
It's a right  
Don't stop that feeling  
Never, never, never, never

Who cares - take me home darling  
I am gonna love you all night long  
Uhh baby please  
Don't buy me diamond rings  
Cause you're mine  
that is all I wish for life  
Oh darling, please stay by my side  
Sweet lullaby

#### **4. SENSE OF LIFE**

imagine a room without light  
imagine the land without flowers  
imagine a room without light  
imagine the land without rivers

no trees, no mountains, animals  
figure out a day without children  
no one who laughs, no one who cries  
lonely people without a shelter aren't singing

**come on, sense of life  
that is all that matters to me  
darling, it ain't right for me**

lonely people without shelter  
a life full of war, rassism and crime  
drugs, alcohol and prostitution  
what has happened to them

do you still wanna know about the sense of life  
work against all of this and you will know  
fight for your right  
for the poor and lonely  
for the sick and the weak in the hallway

**come on there's a sense of life  
no one could change what happened till then  
and it is time to say good bye  
to that old fashioned way that ain't mine**

fight for your right and maybe think twice  
fight for your right, for the poor and lonely outside  
what ya thinking brother  
fight for your right, for the poor and lonely outside  
there is so much fear stopping us  
fight for the poor and lonely outside

fight, fight for the right....  
fight for the poor and lonely outside darling  
for the sick and week  
give power to the one that can handle it

## 5. STUNNING

I'm ready to date you  
I put on my nice shoes  
I love them, so brand new  
I mean you and not my shoes  
Wearing some nice tights  
You'd taken a shine on me  
I hope to be your diamond tonight

My fragrance seduces you  
My innocent look too  
You love the way I walk  
I love the way you talk  
Helping to feed you  
Is all I had to do  
To make you fall in love with me too.

I'm licking my chops and I'm looking your way  
You're staring at me  
Then you finally say  
You're looking stunning lady  
The two of us should be on our way

We leave the place  
You open the door  
I follow your way  
And I want you even more  
Inside the car you're touching my tights  
Oh baby let's be nasty tonight

### *Solo*

I'm licking my chops and I'm looking your way  
You're staring at me  
Then you finally say  
You're looking stunning lady  
The two of us should be on our way

We leave the place  
You open the door  
I follow your way  
And I want you even more  
Inside the car you're touching me tight  
Baby let's be nasty tonight  
Baby let's be nasty tonight  
Baby let's be nasty tonight

## 6. 4 U we play

Come on by  
We will make you feel alive  
and full of smashing memories

Summertime and wintertime  
Are rushing by  
So precious lately  
Music can lift you up  
And heal your soul

Ain't it right  
You're touched by lyrics  
That reflect your frame of mind  
at places of devine  
Can not forget and won't regret  
4 u we play  
4 u 2 feel

## 7. TELL ME

*Ah – Ah – Ah – Ah*

Every body tell me  
would you stand it like  
that someone treats you like a kick in the ass  
Be honest, confess that fact  
Just ridicules crying and self denying

*Ah – Ah*

Come on tell me. isn't it true  
That you deserve the best  
But no one gives it to you  
Open your eyes, cause I got news for you  
Just don't give a shit  
To the ones beneath your dignity

*Ah – Ah*

I'm dreaming of someone in my life  
That sees the charmingness in me  
And is gonna like it

I want a person in my life  
That wants to go through lows and highs  
No longer lonely

I realistic guy for me  
A share each day with the one and only

*Ah – Ah*

Are you this person in my life?

*Ah – Ah*

Are you this person in my life?

It's new to me to trust in you  
Loving you bittersweet is a problem too  
We've learned to accept the way it is  
What can I do for you and  
what can you do for me?

*Ah – Ah*

I'm dreaming of someone in my life  
That sees the charmingness in me  
And is gonna like it

I want a person in my life  
That wants to go through lows and highs  
No longer lonely

I realistic guy for me  
A share each day with the one and only

*Ah – Ah*  
Are you this person in my life?  
*Ah – Ah*  
Are you this person in my life?

There is always a choice, no matter what it is  
Are you the one and only baby?  
There's a better life like this

*Ah – Ah*  
Do not accept to be surrounded by negativity  
Cause I told you I've got news for you, I've got good news for you  
Give it a try, there is a better life like this

## 9. SLOW DOWN

Wait, wait my dear, slow down  
Didn't you do the same to her before now  
Didn't you change your mind a hundred times  
Now that it's her it's a big deal?  
Hold on, my dear, slow down  
she warned you a lot before  
she closed that door,  
it blew your mind to understand  
a surprise for a guy in love

But things turned out to be complicated  
She tried damn hard to talk to you lately  
Well it bothered you – it wasn't interesting,  
say it, say it, say it  
Maybe you should have tried to listen better  
A cry for help, felt like stormy weather

Wait my dear, slow down  
Didn't you do the same to her before now  
Didn't you change your mind a hundred times  
Now it's her it's a big deal?  
Hold on, my dear, slow down  
she warned you a lot before  
she closed her door,  
it blew your mind to understand  
a surprise for a guy in love

You're not the first guy that has ever been left  
You're not the only that has ever felt bad  
Take it for granted you had lots of fun  
And listen carefully  
She broke your heart and even worse  
Your self confidence  
I know that hurts  
How can a girl survive without you just a minute  
Wait, wait, wait

*phone conversation*

Wait! Wait my dear, slow down,  
she warned you a lot before  
she closed her door, and blew your mind  
for a guy like you in love – do you understand  
you're in love

## **10. NEW YORK, NEW YORK**

Take me, take me, take me to the place of crime  
Take me, take me, take me, gimme just a sign  
We're gonna be standing in the frontline  
To watch that fight, that ain't not right  
but out of sight, terribly tight

New York, New York, what has happened, my baby please, New York, New York  
New York, New York, don't you let it happen, my baby please, New York, New York

People, people are covering their faces  
To avoid looking at the crime of these places  
Not to feel the pain that occurs again  
And the situation remains unchanged  
What I feel is no longer real  
Baby that's the deal, come on.

New York, New York, what has happened, my baby please, New York, New York,  
and a million of weapons  
New York, New York, don't you let it happen, my baby please, New York

We are walking through the fields  
The valley above  
Sky, air, plenty of love  
Birds, clouds, sunshine  
Forget about rain and fear the sky line  
New York, New York, what has happened?  
Aids, drugs, millions of weapons  
'Though the black brother - on the corner may shout  
and the white sis may shout as loud  
as they can but no one will be there anyway  
and no matter whom you may ask tonight  
New York, New York, believe it or not  
New York, New York an endless fight

New York, New York, que pasa, sida, drogas y un million de armas, New York

New York, New York, que passa contigo  
New York, New York, que pasa, sida, drogas y un million de armas, New York  
Donde la gente se tapan la cara para no ver alli ãlo que passa  
New York, New York, que pasa, sida, drogas y un million de armas, New York  
Si a la vida, no al crimen  
New York, New York, que pasa, sida, drogas y un million de armas, New York  
sida, drogas y un million de armas, para que yo quiero eso

*choro: Llévame, donde el crimen florece, donde la gente se tapan la cara para no ver  
alli lo que passa*
